SUMMARY

A highly motivated and self-taught web developer passionate about creating engaging web experiences. Proficient in HTML, CSS, JavaScript, React and its libraries with a focus on front-end development. Completed various online courses and personal projects demonstrating strong problem-solving abilities and a commitment to continuous learning.

EDUCATION

Bachelor's Degree in Business
RMIT University Vietnam

PROJECTS

➕ Personal Portfolio-v3

The third iteration of my portfolio, built with React and Styled Components for front-end with a simple server in Node and Express for backend.
Key Features:
- Dynamic Text Display: Rotates and displays various text elements.
- Engaging Animations: Smooth animations to enhance the user experience.
- Easy Navigation: Provides easy-to-use navigation for users to explore.

➕ Note App

A note-taking app developed using React and Firebase. This app allows users to create, edit, and delete notes in a simple and intuitive interface.
Key Features:
- Note Management: Enables creation, editing, and deletion of notes.
- Real-time Updates: Utilizes Firebase's real-time database to sync notes across devices instantly.
- Automatic Saving: Automatically saves notes while editing.

➕ Tenzies Game

This is a React application for playing the Tenzies game. The game involves rolling dice and trying to achieve 'tenzies' where all dice have the same value and are held.
Key Features:
- Dice Rolling Functionality: Allows rolling and holding dice to achieve the winning condition.
- Real-time Game Monitoring: Tracks game details such as roll count, duration, and best time achieved.
- Responsive UI: Provides an intuitive interface with interactive dice and game information.

TRAINING / COURSES

JavaScript Algorithms and Data Structures

CS50: Introduction to Computer Science

Front-end web development

Responsive Web Design

Node.js Crash Course

SKILLS

Web Development   **HTML**   **CSS**

React   **Javascript**   **Git**   **MongoDB**

Node   **Express**

Responsive Web Design

UI/UX Principles

STRENGTHS

React.js
I love building everything in React and its libraries

Problem solving
Frequently practice algorithm & data structure to sharpen problem-solving skill

Communication Skills
Known for excellent communication

LANGUAGES

English
Proficient
